

CZ PRESIDENCY WORKSHOP  
Pilsen 20th – 21st of July 2022  
Plenary session I

# Long-term emergency

*Definition of „LTE“*

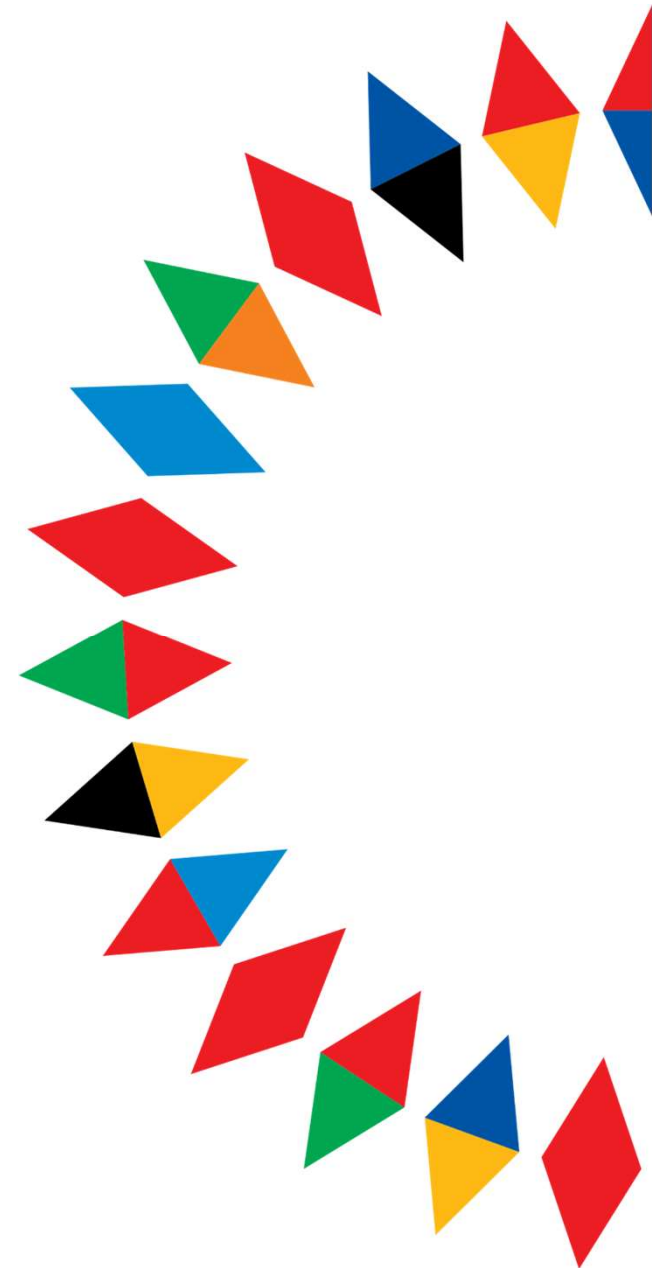

EU2022.CZ

# Introduction

- Long-term emergency definition is missing
- Severity and frequency is on the rise
- Consequences pay little regard to national borders
- Whole-society approach needed

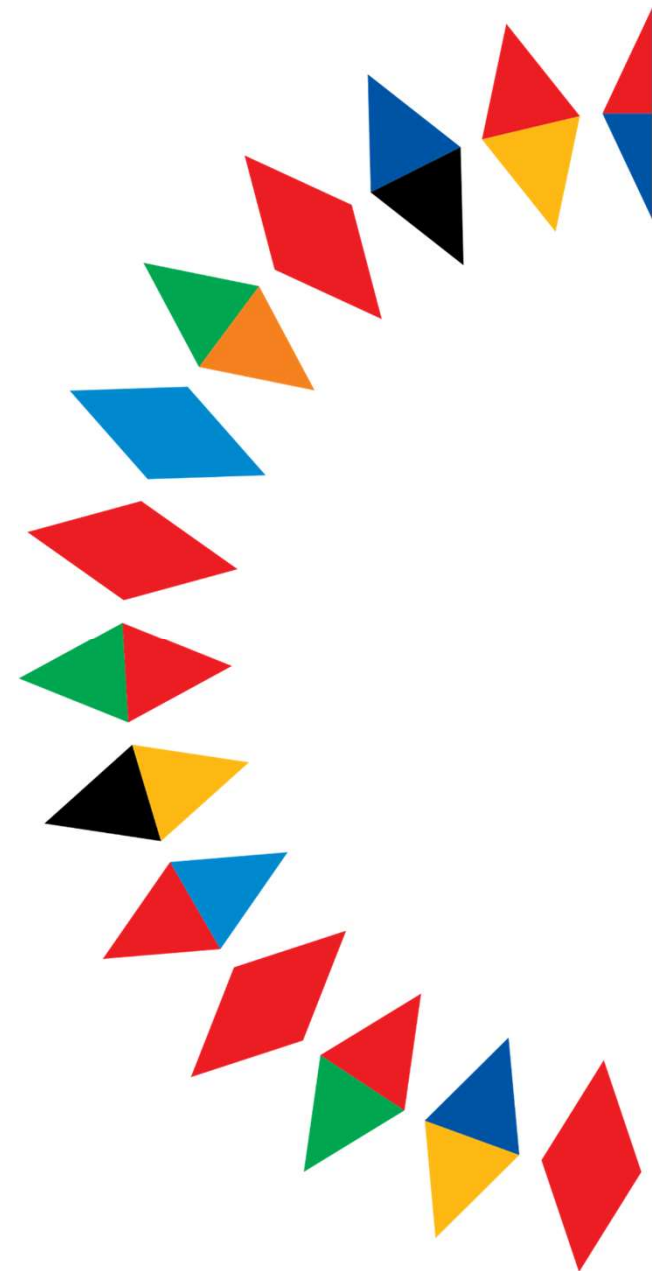

# New trends → new threats

- Reflect lessons learned during recent major emergencies:
  - forest fires in Portugal and Greece
  - blackout in Slovenia
  - the COVID-19 pandemic
  - tornado in the Czech Republic
  - severe floods in Germany
  - Russian war of aggression against Ukraine

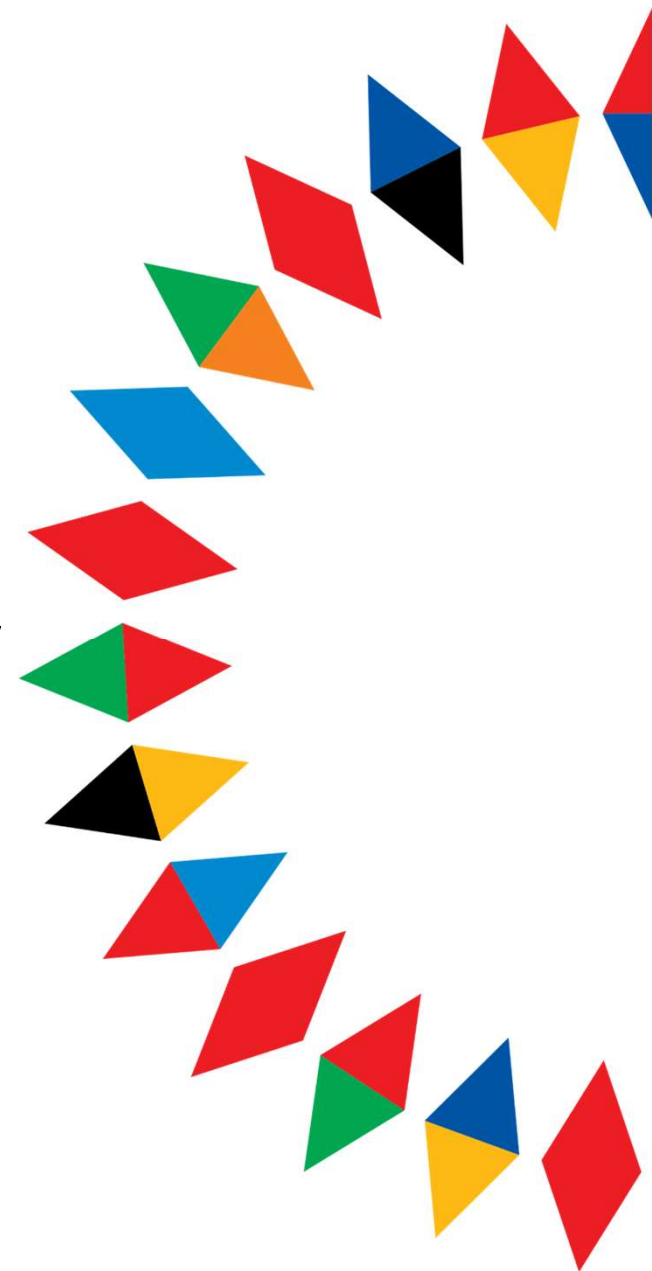

EU2022.CZ

# Time Framework of LTEs

- Main goal: Definition of LTE through duration
- Borders and synergies between:
  - **Emergency** X **Consequence management** X Recovery  
(Built-Back-Better)
- Integrated approach for long-term resilience?

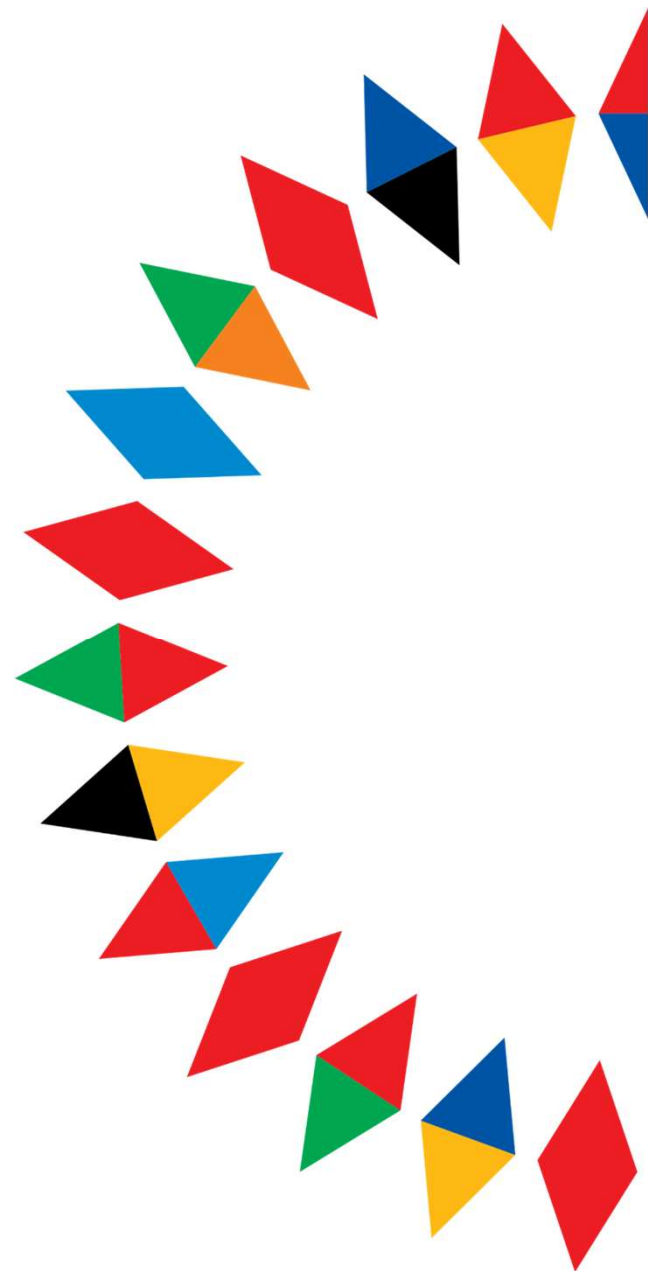

# Thematic Framework of LTEs

- Main goal: Definition of LTE through impacts
- Natural and man-made disasters with long-term effects
- Multiplied and potential cascading effects
- Long-term and continuous deployment of civil protection

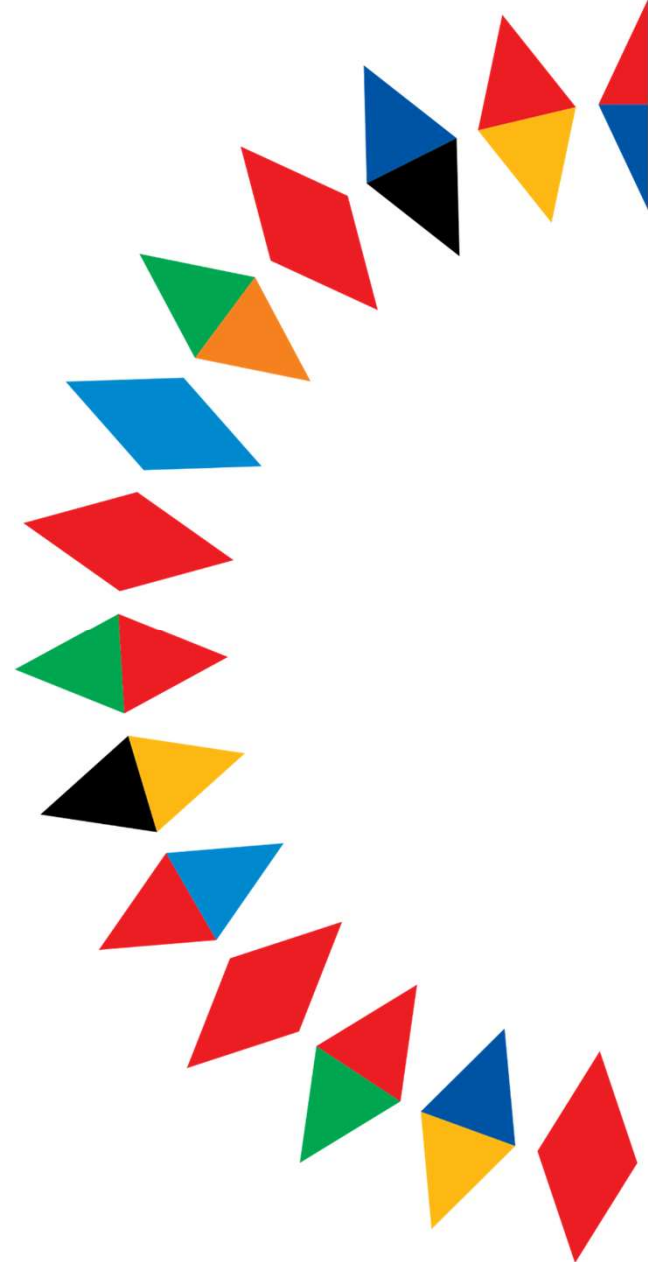

# Way forward

- Strengthen prevention, preparedness and response to long-term emergencies
- Improve European resilience in light of LTEs
- Define role of CP, citizens and other various actors in successful management of long-term emergencies
- Highlight the importance of prepared citizens

# Added value

- Explore ways on how to bolster the resilience of Member States through an efficient use of the UCPM as part of an integrated approach to the management of long-term emergencies
- Engage with LEMA and other various types of actor sooner
- Addressing of the long-term emergencies fosters better resilience of civil protection, citizens and other stakeholders

# Questionnaire

Please fill in following questionnaire about LTE until **18:00**.
